

Dear NAAGA Member,

In our constant effort to provide you with the best membership benefits, we've partnered with the *United States Concealed Carry Association (USCCA)* to better meet the needs of responsible gun owners in our community.

The goal of the **National African American Gun Association** is to have every African American introduced to firearm use for self-protection and sportsmanship. We are a pro-2nd Amendment organization focused on educating on the rich legacy of gun ownership in the African American community and providing training that supports safe and responsible gun use.

By partnering with the USCCA, members have an opportunity to protect their freedom and financial future through first-rate self-defense protection, training and education. In the event of a self-defense incident, even if you believe you were within your rights, you could be exposed to legal and financial ruin! This is where the USCCA comes in...

[USCCA Membership](#) provides:

- **Self-Defense Insurance** - Up to \$2,250,000 in up-front Self-Defense SHIELD protection to pay your bail, **secure a pro-2nd Amendment attorney**, and get your legal bases covered if you're ever forced to use your gun in self-defense...
- **No Annual Limits** - Your insurance-backed benefits never decrease...
- **All Legal Weapons Covered** - Guns, knives, and hand-to-hand combat, they cover it all...
- **24/7/365 Critical Response Team Access** - Who will be your second phone call after 9-1-1 to walk you through the aftermath of a shooting...
- **Training & Education** - Access to 1,400+ certified trainers nationwide, 1000s of exclusive training videos, articles, and your **free** subscription to ***Concealed Carry Magazine***...

Since its founding in 2003, the USCCA has proudly supported a community of over 250,000 people. It's both their mission and purpose to ensure families have the resources they need to handle a life-or-death situation, and everything that comes after.

NAAGA is excited to announce our membership offer through our partnership with USCCA!
